How to Use

Welcome to my trading card website! This page explains how to navigate and use the website, along with all of the accessability features we have.

Still stuck? Check out our support page.

Tutorial & Walkthrough

Follow these steps to learn how to use the website.

Screenshot here of step 1

1. Review the Pop Up

When you open the card, a short welcome pop-up explains what the page does. Click **Let's Go** to close it. You can also click **Read the Guide First** to come here.

Keyboard Shortcuts: **Tab** moves between buttons, **Enter** picks one, **Esc** closes the pop-up.

Screenshot here of step 2

2. Open the Card

The card lists Charlie's name, major, level, and special ability. Press **Play** to start open the game window.

Keyboard Shortcuts: **Tab** moves between buttons or **Enter** picks one.

Screenshot here of step 3

3. Press Start

Press **Start** when you're ready to start the game!

Keyboard Shortcuts: **Tab** moves between buttons or **Enter** picks one.

Screenshot here of step 4

4. Play the Game

Click or tap the big **"Click"** button as many times as you can before the timer hits zero. Score at least your level target to win. A new best score raises the target by one, so the next round is a little harder.

Keyboard Shortcuts: **Space** or **Enter** on the "Click" button.

FAQs

Can I play without a mouse?

Yes. **Tab** moves between buttons and **Enter** picks one. In the game, you can tap **Space** or **Enter** instead of clicking. **Esc** closes any pop-up.

Does it work on a phone?

Yes. Tap instead of clicking.

Does it work with a screen reader?

Yes, all interactive elements are properly labeled with alt text for screen reader accessibility.

Is there Alt Text for images?

All images have alt text for screen readers.
